

Marina Stavrakantonaki

Independent

Non-Executive Member of the Board

She studied Business Administration at the Athens University of Economics and holds a Master's degree in Strategy & International Business from Ohio State University, a Master's degree in Public Administration from the University of Chicago, and a PhD in Public Administration - Social Epidemiology & Research Methodology.

She is a Public Policy Manager at Amazon Web Services with a wealth of professional experience.

She has more than 10 years of experience as a Public Policy Manager, Research Scientist, Survey Methodologist at Amazon Web Services, on amazon.com, at the Survey Research Laboratory (SRL) of the University of Illinois in Chicago, as well as the University of Chicago, the Chapin Hall, the NORC, and as General Manager at the company Stavrakantonakis SA.

She is involved in the development and implementation of government affairs objectives and public policy priorities for Amazon Web Services (AWS).

She cooperates with the AWS business team to ensure alignment of key business priorities, public policy objectives and "go to market" strategies. Activities include identifying and communicating potential opportunities and threats, developing improvement strategies and policy positions, managing and coordinating communications outreach programs and key initiatives in alignment with AWS business objectives.

She also facilitates high-level meetings between AWS executives and key stakeholders, including national and local policymakers and executives, industry associations and partners to promote and support the company's public policies
